

EXTERIOR FINISHING SOLUTIONS

By Woodtone

Beauty. Protection. Peace of mind.

Products that you can depend on.

WOODTONE™
always there, *naturally*

REALWOOD™

By Woodtone

Naturally beautiful and long performing real wood.

The core value of RealWood™ products is our hand selected, tight grain, kiln dried Western SPF; a substrate known for both stability and environmental sustainability. We offer a 15 year warranty on the substrate and extended top coat warranties are available with our ColorGuard™ Coating System.

Each RealWood™ product is available in smooth, combed or resawn face and coated with our enhanced, ultra-low VOC Hybrid Alkyd Emulsion primer or in any color using our ColorGuard™ Coating System.

REALPOST™

- Certified Structural
- Gray primed, brown primed or cedartone
- 4x4, 6x6 and 8x8 up to 20' lengths

REALCORNER™

- Standard, diamond, colonial and rabbeted profiles
- One piece solution with a patented joint system
- Suitable for inside and outside corner applications

REALSILL™

- 2"x3", 2"x4", 10'-12' lengths
- One piece solution ensures easy installation
- Pre-cut drop edge saves install time and limits water intrusion

REALTRIM PLUS™

When you choose RealTrim Plus™, you're adding value. The curb appeal of real wood is unmatched. This 100% renewable resource is warranted for 15 years against rot and primed with an ultra-low VOC Hybrid Alkyd Emulsion primer. Builders prefer RealTrim Plus™.

- Great for interior and exterior fascia and trim, column and post wrap, and rake/frieze boards.
- 1", 5/4" and 2" thicknesses with a variety of lengths and widths available
- Flood coating on all six sides to offer enhanced protection

RealWood™ products are completely customizable.

Using the ColorGuard™ Coating System, our RealWood™ products can be pre-finished in any color you choose. With our in-house color mixing capability, RealTrim Plus™, RealPost™, RealCorner™ and RealSill™ are available coated with your choice of solid color paint. With this coating system, you will not only receive the 15 year substrate warranty on these products, but a 30 year coating warranty.

The possibilities are endless. Start building your dream today.

REALSOFFIT™

By Woodtone

Beautiful Wall & Ceiling Panels

RealSoffit™ wall and ceiling paneling is offered in two standard profiles: Traditional, with an end-matched v-groove profile, and Fineline, with an end-matched square-edge profile. Each profile comes pre-finished in six unique colors, ranging from contemporary to classic looks. RealSoffit™ is manufactured from appearance grade SPF and is available as a 1x4 or 1x6 tongue and groove paneling product for interior and exterior applications.

- 15 year warranty
- End matching prevents waste and allows for faster installation
- High quality, semi-transparent stains enhance the natural beauty of your home
- Pre-finished materials save time and labor costs during installation

Woodtone™ pre-finishes your chosen substrate in a wide range of beautifully tinted semi-transparent and natural coating choices. We partner closely with high quality coating manufacturers to provide you with proven protection for any wood surface. Specially formulated oils and resins penetrate into the substrate, providing protection and beauty for decades to come. Consistent, pre-finished applications of these coatings and others are available with our ColorGuard™ Coating Program.

ENGINEERED

By Woodtone

Engineered Real Wood Products

Our superior engineered real wood products demonstrate strength and durability in excess of most common building code requirements and maintain a beautiful appearance for years to come. Our engineered line of products is manufactured from the highest quality Western Red Cedar and Western SPF materials and is warranted for enduring beauty and protection.

These products arrive primed or pre-finished in the color of your choice. This new range of products by Woodtone has been engineered to meet and exceed all of your exterior finishing needs.

Finger Jointed SPF Trim

Pre-primed for your convenience, this finger jointed SPF trim product sets the standard for dimensional products higher than ever before. The stability of finger jointed real wood trim will provide peace of mind for years to come.

- Fascia and trim
- Column and post wrap
- Rake/frieze boards

Finger Jointed WRC Trim

Western Red Cedar is highly valued for its rustic beauty, durability and superior performance when used in exterior applications. *WRC Trim is not available in all regions, call Woodtone for more details.*

- Fascia and trim
- Column and post wrap
- Rake/frieze boards

Structural WRC Post

This hollow core engineered post is made of high quality Western Red Cedar and comes in 4x4, 6x6 and 8x8 sizes. The kiln drying process virtually eliminates separation at the seams, warping or twisting, unlike the standard post wrap application.

- Structurally Certified
- Gray primed, brown primed or cedartone
- 4x4, 6x6 and 8x8 dimensions
- No more post wrapping required!

WRC Wall & Ceiling Panels

Beautiful Wall & Ceiling Panels made from high quality Western Red Cedar, giving your home warmth and durability. These 1x4, 1x6 and 1x8 tongue and groove panels are easy to install and come pre-primed for easy onsite finishing.

- End matching prevents job site waste
- Pre-finished materials save time during install
- 1x4, 1x6 and 1x8 dimensions available
